

A Party of 3 KARI Members visited STAR Program Office on 17th Dec

JAXA and KARI(Korea) had a meeting on 16th Dec at JAXA Tokyo Office. On the following day, 17th Dec, the party of 3 KARI members (Dr.Chin-Young Hwang/Director of the Policy, Planning and International Relations Division; Dr.Seung-Ho Kim/Head of Rotor Department; Mr. In-Kyu Jeon, Senior Administrator of International Relations Department) visited JAXA Sagamihara Campus.

At first, the group went on an exhibition-hall tour, and the members were given an explanation for JAXA Sagamihara Campus. And then, they visited the STAR Program Office. We introduced them our office, the laboratory, the engineers' room and the meeting room. At the meeting room, Mr.Tsuji explained about the APRSAF and our cooperation with the UNIFORM. Dr. Hwang mentioned that he would introduce this project to the universities in Korea after going home. KARI's kind cooperation in this respect has been greatly appreciated, and we sincerely hope a lot of people will participate in the project from various countries.

The KARI party's visit of this time was also done at a very relaxed and harmonious atmosphere.

Cooperation with UNIFORM

The STAR Program participants had attended a series of meetings with the UNIFORM side for a few times. The STAR team explained the results of the Micro STAR conceptual study, and the technical issues were discussed there. We are gradually getting excited because the project is going well toward making the satellite.

*UNIFORM: UNiversity International FORmation Mission

(Wakayama Uni., Uni.of Tokyo, TITech, Uni.of Tohoku, Tokyo Sci.Uni., Met.Uni.Tokyo,

NESTRA: Next generation Space system Technology Research Association)

*We very much appreciate your cooperation with the STAR Program,
and we believe it will continue for some time in the future.
Wishing you a very happy holiday season and a happy new year!!*

NOTICE

Our office will be closed from 29th Dec 2010 to 3rd Jan 2011.

We apologize for the inconvenience.
