

PROGRAMME

SPACE SCIENCE EDUCATION WORKSHOP, HANOI, VIETNAM

-- Bridging the Professionals and the Public --

3 MARCH 2006

The Space Science Education Workshop will bring leading space researchers in the region of Asia and the Pacific to discuss contributions of space research in various areas to the benefit of the society. The Workshop will also invite the participants to consider how their research work could contribute to enhancing education for our young generation. The results of the discussions would provide inputs for the consideration by the APRSAF Space Education and Awareness Working Group of future space education activities in the region through joint efforts.
